Nature Coast Chapter

Jamie Zamora/Director

First meeting welcomed everyone. We discussed creating our biker names. Which are Jamie-motorcycle momma, Terry- crazy beader and Jolene-lady bluebird. And requested pictures of the girls on our bikes for the web page. Suggestions from the members what organizations we could help out on either poker runs, garage sale, bake sales etc.

Rides or Runs- Oct 24,2009 our first poker run together.

1. Benefit was for breast cancer.
2. Nov 2 drove to a Pow Wow at Fort McCoy N. Ocala 150 miles round trip.
3. Feb 1st poker run benefit Tattoo Dan he got severely injured riding his bike.
4. Feb drove to Webster flea market bike swap.

Future out look and Ideas fund raising for K-9 deputy dogs and the American Blind Org. Membership drive either at Sleepy Hollow Florl City or bike night at the Coney Island hot dog in Brooksville. We also plan to developing last friendship, riding the open roads and have fun.

January 4th, 2010 we had our 1st Quarter Officers meeting in order for us to get a "jump start" with our planning idea's for 2010. We have some exciting fundraising & activities ideas and have already started implementing a few items.

Here is a recap of 2009

- Diva Angels ALWAYS start the new year with our Annual New Years Day Ride
- Our new members love our "welcome" kit.... I feel it gives them that 'warm welcome feeling'. It contains a Diva Angel Bandana, keychain, pen, Diva tag frame; I know Sandy wants to send the tag frames to new members, but we prefer to keep them in our 'new member' kit.
- Business Cards were implemented - some love having cards, others do not use them.... I am still feeling this is a great addition and is professional when we meet someone that rides, we just hand them a business card.
- Quaker Steak has been kind enough to provide us with a couple gift cards each month, we have a drawing for our "Power of One" program and members that bring a guest & the guest can each win a gift card. If there are no guests present, we just put everyone in the drawing and select a member.
- Kathie our Activities director has done a WONDERFUL job on creating new and fun rides..... Beginner rides for new riders, beach crawls, Rainbow River overnight tubing trip, as well as opening her home & boating activities for many of our gatherings.

- Meet & greet after our meeting has become a very nice social time for members to talk and ask informal questions and gives them the capability to offer their suggestions & input.....
- We have worked many sweat equity projects this year -- Tampa Bay Blues Fest, Safety Harbor Wine Fest, Habitat for Humanity, U2 Concert for Faces of Courage, assisted Suncoast Brotherhood Toys for Tots parade, Baka's Foundation Ride, Shannon Walsh Memorial ride for Faces of Courage, just to list a few.....
- Quaker Steak allows us to setup our Diva Table each month at no charge, during these monthly events we have a collection bucket to raise funds for Faces of Courage, Back-to-school supplies, Baka's Rough Riders Horses for Handicap program, pajama's for foster children, and food drives.
- Full Throttle approached us to alternate the monthly article in their magazine with the Pasco chapter. This has allowed us to have some great exposure as to what is going on and free advertisement for future fundraising events.
- The year ended with our Annual Holiday party at my house, we had 30-40 people attending and everyone had a fabulous time.

2010 Plans

- All "Members" are assigned to an officer, so we can touch base and let them know what is going on. We have some new members that are not on the internet and can't view the calendar or any events.... So this keeps everyone informed. As well as if we have not seen someone in a long time... the officer is to "call" and touch base with them to let them know they are missed.....
- Our Activities Director (Kathie) keeps our activities going strong with a few events a month. Maintains our google calendar of events which is public on our website.
- Terana has been reviewing different charity options for us for 2010; of course we will continue with our many sweat equity projects. We are looking for small local charities where we can make an impact.
- Joanna has some great new apparel, dog tags, license plates, decals, and working on car magnets as well as of course 'our shirts'
- I have a wonderful 'core' group of officers that are really excited and are stepping up to the plate to ensure things run smooth, and are ready to take charge. Thank you to my wonderful group of officers, you all rock!!!

We are blessed to have such a great group of women in our group. The Tampa Bay Chapter has over 50 members on our roster...

Pasco Chapter
